

## **Chuck Pierce: Commissioning of the War Room: - Friday 28th April 2017**

A war room gives you the ability to watch, it will open up the way to watch and see what needs to be seen, you will see from heaven but you will also see into the earth realm, you will see into the future you will begin to see into a realm that you have never seen before. You will be able to see into different dimensions and different levels, so it won't just be the same as seeing in one dimension of time. You are going to expand into seeing into different levels. Because you are getting networked right, what you will be able to do is gather and mobilise and record the army in this entire region. Not only in this region but also communicate from Jerusalem back to this region. You will be able to move in all of Europe in a new way.

I have opened up a way for you to expand I have opened up a way for you to not only war but to have triumph. I will show you a place and show you victory. Revival from headquarters is coming and what that is going to do is connect into places like this. This is the beginning of war room connections and alignments and apostolic alignments of war rooms, so that we will be able to war and stop wars, we will be able to make decrees and create conflicts, we will be able to stop plagues from moving. We will be able to move in dimensions we have not moved in before and connect worldwide in the movement.

So Father we decree right now and we dedicate, when you dedicate something it is set apart, it is like a co-ordination of it. We dedicate this War Room for the establishment of Your Kingdom, for communicating of governmental rule and we commission all those who step into this War Room to see and to go into places they have never seen and gone before.
